

A Workplace Pledge For Fatality Free Friday

Friday, May 25 2007 is Fatality Free Friday.
By taking extra care, let's keep Las Vegas's roads
fatality free for just one day.

Name of Workplace:

We undertake that on Friday, May 25 2007:

- We will remind family, friends and workmates to take extra care on the roads.
- When behind the wheel or riding a motorcycle or pushbike, we will be mindful to drive as safely as we can and follow the road rules.
- We will be patient with other road users, including cyclists and pedestrians.
- We will not speed.
- We will not drink and drive.
- We will slow down in the wet and drive to suit the conditions.
- We will not tailgate other drivers.
- We will wear our seat belts.
- We will look as far ahead as possible.
- We will set a good example to passengers by driving calmly and safely.
- We will take care as pedestrians when crossing the road or street.
